

REMARKS

This is a full and timely response to the outstanding *Ex parte Quayle* action electronically delivered on July 23, 2008. Allowance of the application and presently pending claims 1-12 is respectfully requested.

Present Status of the Application

In the action, the Office has concluded that this application is in condition for allowance except for certain formal matters. Specifically, given that the objections to the specification are overcome, this application is allowed. Hence, prosecution on the merits has been closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935)

In response thereto, Applicant has amended the specification in full accordance with the instruction made by the Office, so as to remedy the deficiencies contained therein. It is believed that the foregoing amendments introduce no new matter to the present application.

Upon entry of the foregoing amendments, prompt issuance of the Notice of allowance with respect to the present application is respectfully requested.

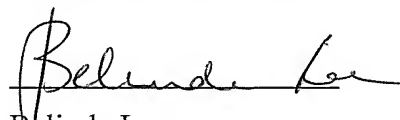

CONCLUSION

By including the amendments to the claims and to the disclosure, it is believed that claims 1-12 and the current application are in proper condition for allowance and an action to such effect is earnestly solicited. If the Office believes that a telephone conference would expedite the allowance of the above-identified patent application, the Office is invited to call the undersigned.
